

Collin's Blueprint

Hello, I'm Collin. One of my favorite games to play is golf, but I do not enjoy watching it. I also enjoy traveling to new places and being able to discover new things and ideas. I hold my family and friends as the most valuable piece to my life and will always have them back no matter what. I enjoy listening to a wide variety of music, and always hearing a song that I haven't heard before.. I find trouble in being able to watch TV shows since they can be very time consuming, but I do enjoy watching a good movie. One of my goals in life is to start my own business in the cybersecurity industry. I always enjoy being with my family and friends, but there is sometimes where I don't mind staying at home by myself and watching movies or reading books.
